OUT ON THE LIMB with George Vierhus

THAT THE CAMPBELL Ave. storm drain project would cause some disruption in the regular traffic flow on Campbell Ave. was, of course, anticipated.

But for the most part, we think, the business people, as well as the habitual travelers on the street seem to have taken the enforced detouring in stride and with relatively good humor.

At least we haven't seen any fist-shaking demonstrations on the part of frustrated or irate drivers.

This speaks well for the contractor and the city engineering department.

It is apparent that an honest - to - goodness attempt has been made by good planning to hold the traffic confusion to a minimum.

There could possibly be an indirect benefit to the storm drain project that was not planned but which still might prove beneficial to a lot of us.

It could be that the so-called "through traffic" might become so provoked by the delays, detours and discomforts caused by the digging that they would desist permanently from using the thoroughfare.

That, of course, would be great for the "natives".

Anyway, the through traffic has had a chance to see some of the sad side streets in town during the storm drain construction project.

We are not sure whether that should be charged to the credit or debit side of the ledger.

However, some people saw The Campbell Press building for the first time when traffic was detoured down Dillon onto Central and then on Gilman back to Campbell.

We hope they were suitably impressed.

But poor old Dillon Ave. will never be the same.

SOME OF YOU WITH THE longest memories will recall that Dick Hogan, Campbell's planning director since October, 1964, once substituted for us and presented an excellent "out on the limb" column.

In fact his column was so good we didn't dare ask Dick to do it again.

We are sorry we didn't have Hogan for a return engagement. Dick has accepted the position of planning director for the City of San Mateo and will be leaving our fair city on June 1.

Naturally we are pleased that Dick has gone up the planning ladder.

But we are sorry to see the guy leave, for we think he has done an excellent job here.

Hogan has scored high in an area, incidentally, in which it is hard to make points. Planning for the future is sort of you can't win for losing bit.

Because Dick is leaving Campbell, we were sorta pleased that Dick became grammatically confused the other night in describing the advantages of our city.

His syntax stumbling made a lasting impression on those of us who work at this grammar business for a living.

Dick, in describing the tremendous future traffic pattern possibilities of Campbell as the hub of the Santa Clara Valley, got so involved that he let go with a double (really it almost was a triple) negative.

Hogan was enthusiastically outlining the freeways and expressways that would serve the Campbell area of the future when he dropped this grammatical gem:

"In fact, there will be nowhere you can't get!!!"

Hogan, who next to your editor, is probably the most grammatically-conscious individual in our city, came to a grinding halt after that faux pas, grammatically speaking.

It took a couple of minutes for him to pick up the pieces.

PLANNING COMMISsioners, as a rule, have sort of a drab time of it.

It is difficult to get excited over use permits, variances or zoning changes.

??Civic center tower??

Should this city's civic center be located in a 17-story tower to be constructed on the 34-acre former Brynteson Ranch at Campbell and Bascom avenues?

For the last month that question has been bandied about unofficially whenever two or more citizens have gathered.

But the question is scheduled to be launched officially this Thursday, May 23, when the Planning Commission holds a public hearing on future "public facilities" of the city.

The commissioners have been directed by the City Council to "explore" possible civic center sites at the hearing.

The two possible locations that will be considered are shown on the map below on which "the tower" has been superimposed and the present city hall circled.

SO...AWAY....we go!!

Next Tuesday, May 28

San Tomas plan goes on display

Residents of the San Tomas area (roughly that southwest portion of Campbell between Winchester and the San Tomas Creek) will get an insight into future plans for that area at the public hearing next Tuesday, May 28. The future street pattern includes the extension of Harriet Ave. to the new West Valley Freeway.

The San Tomas area (tabbed "Specific Area III" of the 701 planning program) will be the subject of the third of a series of public hearings aimed at revamping Campbell's general plan.

At last week's (May 14) hearing on Specific Area II (the central city area), the Planning Commission adopted the recommendation presented by Charles Cavanagh, of Management & Economics Research Incorporated (MERI), the firm that has been employed as planning consultant under the federal '701' planning grant.

However, on Thursday, May 9, the Planning Commission deferred until June 11 any action on Specific Area I (San Tomas Expressway area) largely because it was felt that more study was needed on the zoning recommendation of the Amato property between Campbell and Hamilton.

The San Tomas area which goes to bat next Tuesday, includes about 1,250 acres, of which a good part of it is either in San Jose or "in county".

It is primarily a residential area but has major development problems based on narrow lots and hit or miss street patterns. Some of the area is rated as "sub-standard" by almost every measuring stick.

The planning consultant has indicated that if the area is going to develop properly the City of Campbell must adopt a policy of municipal assistance to aid in formation of improvement districts which is maintained a vital necessity.

The present population of the area is estimated to be about 10,170 whereas the proposed land use would support 17,600 persons at full development.

The planning recommendation includes the extension of Harriet Ave. to the proposed West Valley Freeway as the main north-south thoroughfare and that the present San Tomas Road would be a secondary route.

Summer work

City, C of C sponsor youth job program

Campbell business firms have been urged to notify the City Hall or the Chamber of Commerce of their needs for summer employment, according to Carl F. Kuhn, city administrative assistant.

In cooperation with the education committee of the Chamber of Commerce and the west valley chapter of the Economic Opportunity Commission a summer employment program plan for youths between the ages of 16 and 21 in the Campbell area has been initiated by the city.

Kuhn said the local program stems from the urging of Gov. Ronald Reagan who has emphasized that the state faces a major problem this summer because there are more than 400,000 young adults 16 to 21 years of age who will be looking for work. Many of these young people, Reagan said, come from poverty areas of the state.

Gov. Reagan added that private industry and state and local government had a vital interest in putting California youth to work productively and profitably. He urged a vigorous summer job campaign for all youths directed by private industry in partnership with government.

According to Kuhn, the City of Campbell has undertaken the project of encouraging the private sector of the community to actively participate in identifying productive jobs for the summer months.

Kuhn asks that employers interested in cooperating with the program notify either Len Edholm, C of C manager, (378-6252) or Kuhn at the city hall (378-8141, ext. 23, and submit their employment needs.

Kuhn said that young people between 16 and 21 have been asked to either notify the dean of the high school or visit the city hall offices to fill out a summer work application.

City and CofC officials maintain that the success of the program depends on the response and involvement of the business community. They point out that, if young people can be employed in productive jobs this summer, the small cost incurred by each business employer will contribute greatly toward making this summer meaningful to the entire community.

"The Tower" or "downtown"

Hearing this Thursday features two possible civic center locations

Council chambers at the City Hall are expected to be jammed with interested citizens this Thursday, May 23, at 8 p.m. when the Planning Commission opens the public hearing on future public facilities of the city.

The hearing will include an examination and discussion of two possible civic center sites "downtown" or "the tower". The commission after holding the hearing is expected to make a recommendation on the issue to the City Council which, in turn, will hold a similar public hearing.

If the commission acts on the matter this Thursday, the council hearing will be held Monday, May 27.

A third possible location for a civic center, a parcel of the Gomes Ranch, had been originally scheduled for consideration.

The Gomes family had offered through their real estate agent a two-acre plot to the city but withdrew the offer last Saturday.

The tower concept for a civic center was presented by Fred Sahadi, owner of several large developments in town. Sahadi recently acquired the 34-acre Brynteson Ranch at Bascom and Campbell avenues, long rated as one of the choice properties in the area.

The civic center, as proposed by Sahadi, would be located in a 17-story building, the tallest in the county, that would be constructed adjacent to the Spanish-styled commercial-cultural center that Sahadi has planned for the bulk of the ranch.

In general the plan of Sahadi would mean that the city would allocate $1,200,000 of bond money, earmarked for a library-city hall, for the purchase of the 17-story building.

The city would receive title for the entire building but would only utilize the lower four floors. The remainder of the building would be leased back to Sahadi and Pittsburgh-Des Moines Steel, his "partner" in the venture.

The steel firm has a 17-story steel superstructure in storage that was fabricated for another building that did not materialize.

The imaginative proposal of Sahadi has stirred the community more than any other civic center project has in the 16 years since incorporation.

Those in favor of it claim that it will result in the long-sought-for change in this community's image and that it is a once-in-a-lifetime proposal that will benefit the entire community.

Because of the complicated legal problems that the proposal presents, some citizens are holding back with their endorsement until it is certain that adequate legal safeguards can be provided the city.

Another group of civic-minded citizens, headed by Ralph Weymouth, have maintained that the proposal should be thoroughly examined from every angle and, assuming that it is legally possible, the deciding factor should be how the citizen taxpayer is benefited.

Weymouth headed the street committee of the citizens group who spearheaded the successful city bond drive last fall.

Assisting Weymouth in this approach and who admits to being "excited" over the tower concept is Bob Dalzell, also a former citizens committee member and JayCee president.

'Casey' loses to 'Curtner'

For the second time the Planning Commission has recommended to the City Council that the name of Casey Road be changed to Curtner Ave. following the style set by San Jose and the county. The repeat action was taken by the commission on Monday night.

The first time around the Council denied the name change and asked the commission to consider the possibility of changing the name of Camden Ave. (from Winchester Blvd. to the San Tomas Expressway) to Casey Road, in order to keep the name of Casey Road for its historical value.

But the proposed renaming of Camden blew up a storm from the businessmen on the street and the idea was nixed by the Planning Commission and council.

At the name-change hearing Monday night, a number of business people present indicated that they felt that changing the name to Curtner was a good idea as it would make it easier for people to locate the firms on that street.

The strip of Casey Road involved in the name-change deal connects the present Curtner (just east of McGlincey) with Camden Ave. The name-change comes before the city council next Monday.

MARATHON SWIMMERS--Here are the eight members of the Campbell High swim team who set a new national marathon swimming record last weekend.

Paddling 100 miles

Campbell swimmers set marathon record

Using the breast stroke and freestyle relay, eight members of the Campbell Union High school relay swim team, set a new national marathon record by swimming 100 miles in 37½ hours over the weekend.

Coached by Bill Augenstein, the swimmers set out to break the Cupertino High school record set a few years ago, of 50 miles in 17½ hours, with a 10 man free style team. The marathon took place in the Campbell High school pool.

Starting at 3 p.m. Friday afternoon Craig and Ross Meinhold, Steve Thompson, Jim Goodwin, Garris Elkins, Bill Harbick, Bill Ridgway and Mark Luoto swam for four hours and rested for four hours in alternate shifts until completing the 7040 laps at 4:30 a.m. Sunday. A trailer was brought to the poolside for the resting periods and a special diet provided by the parents. Donations accepted during the period were turned over to the Santa Clara Crippled Children's Fund.

Supporting the swimmers in counting the laps were Dennis Schmedes, Rick Vestneys, Nick Varnum, Brad Wenger, Walt Hitch, Loyd Bass, Jerry Nicols and Paul Roselund.

Editorial

Tower----pro and con

No civic proposal, during the past 16 years this community has been incorporated as a city, has excited the imagination or stimulated the interest of the citizenry as has the concept of a civic center possibly being located in a 17-story tower adjacent to a unique Spanish-styled commercial-cultural center at Bascom and Campbell avenues.

But, as always is the case when imagination and far-sightedness are needed to envision a future departure from the norm, opposition has developed.

That is only natural....

Admittedly it uses a unique approach as far as a civic center is concerned and many people oppose changes...They believe that the stereotyped pattern for a civic center should not be changed.

Others feel that the idea is too big for Campbell.... They oppose it because of its sheer magnitude.... Others oppose the concept because they understandably have not the imagination or vision to see it.

They do not think "image" of their city is important.

Some of the arguments that have been advanced against the proposal have been presented by sincere individuals whose loyalty to their community is unquestioned.

It is claimed, for example, that the proposal suggests that the City will be entering into direct competition with present and future privately owned office buildings.

Under the Sahadi plan, the City would occupy only four or five of the lower floors and would lease the remainder to the builder who, in turn, would lease to other tenants.

The claim is that the City by this act thus enters the owner-landlord field which is against the public interest.

We fail to see the basis for this argument, for the 17-story tower would be a unique situation in this community and competition as such would not be present.

In our opinion, it represents an excellent example of private capital and government cooperation.

Somehow we can't see anything wrong with that.

It has been claimed also that the Fred Sahadi proposal of the 17-story tower adjacent to the new commercial-cultural center would further deteriorate the the so-called downtown core, as it would remove the the city hall from the core.

We submit that, as a close observer of the scene for more than 12 years, the so-called "downtown core" must have more than a city hall to be revived. We think it is unfair to charge taxpayers in all segments of the city an exorbitant fee through taxes just to pour revival medicine down the throat of one section of town.

It has also been maintained the 17-story tower represents an entirely different concept than was presented to the voters last October when the bond issue was passed and thus should not be considered.

If this theory was carried out to its illogical conclusion, it would mean that an iron curtain would have to be dropped at a certain date. Nothing after such a date could ever be considered, even if the citizens and taxpayers were the beneficiaries.

Of course it was not presented last October....

Obviously it could not have been. In October orchard existed where there is vacant land today. Because the concept was submitted in April instead of October does that necessarily make it less advantageous for the people?

Opponents also carry this premise one step further and charge that to keep "faith with the community", there should be no change in the bond committments made in the bond campaign.

They maintain that the "campaign promises" must be kept and the Sahadi proposal was not part of the campaign.

We believe in "keeping faith", naturally. Our record shows that. But we also maintain that it would be grossly unfair to the taxpayers, if we keep our eyes closed to any new civic center concept just because the concept had not been presented at an earlier date.

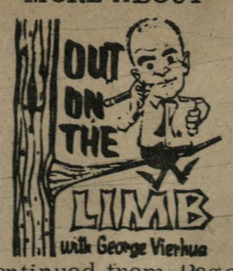
This paper has never taken a back seat when it comes to advocating community pride...Over the years we have consistently worked to improve the image of our city....

For more than a decade we have placed all our eggs in the Campbell basket....as a business man, as a homeowner and as a community newspaper editor-publisher whose all-consuming desire has been to make this community a better place in which to live and work.

We believe in this community or we wouldn't be here.

We sincerely believe that, if all the legal ramifications can be buttoned up with adequate legal safeguards to city, that becoming the "Tower City" would be the greatest accomplishment in this city's history.

MORE ABOUT



(Continued from Page 1)

city's planning group for noticeably perking up their ears, collectively speaking, recently when an unusual variance request was presented.

An applicant for a multiple-unit dwelling apparently had found it impossible to comply with the city's "open space" requirements for recreational purposes.

In an unique request, the applicant had suggested that the garage roof, which in this case, was lower than the apartments themselves, could be developed into an recreational area, for dancing, barbecues, etc.

A note of disappointment was evident among the Planners when it was discovered that there was enough open space available.

It would not be necessary to approve "dancing under the stars" and on the roof, so to speak.

ANOTHER TOUCH OF levity at the same meeting was noted during the discussion over the proposed naming of the street extension that would be created when the San Tomas Expressway-Highway 17 interchange was completed.

One commissioner suggested calling the extension officially "FRONTAGE ROAD", as that name would be already on the street sign, and no new sign would be necessary.

However, it was decided to go along on the conventional way and it was recommended that the road be called "Sunnyoaks" as it was really an extension of that street.

AT THE RECENT CITY Council meeting City Attorney Joe Bonacina gave an oral opinion on the civic center tower issue that, in a large part, was different than that contained in a letter from the city's bonding counsel.

But really we shouldn't have been surprised at that turn of events.

Years ago an old college buddy of ours, who is now a judge, warned us that such a situation was entirely possible.

We had mentioned that six attorneys had been present at some gathering and thus because of that fact "both sides of almost every question that came out during the evening were well "aired" legally speaking.

Our friend corrected us.

He claimed that if there had been six attorneys present, there would have been six sides to every question to be aired during the evening.

-0-

IN THE ISSUE AT THE City Council meeting the other night we must go along with the non-legal opinion expressed by Councilman Homer Hyde.

After listening to Joe's oral dissertation, which he indicated would be followed by a written one, Homer suggested that it appeared to him that city council's two counsels should get together over some law books.

We concede that City Attorney Bonacina was being cautious, which is really not a bad fault on the whole.

On the other hand, we doubt that any purpose was served by him in his half-hour oral presentation that particular night other than to confuse the issue.

The councilmen had a letter on the matter before them from the bonding counsel which seemed to have drawn a different legal conclusion than the city attorney.

To make it even more sticky, City Attorney Bonacina, when the tower concept was first presented by Fred Sahadi, had recommended that the matter be referred to the city's bonding counsel.

DIRECTING--Ted Levitt, of Great Western Shows, between Jerry Gomes (left) and Don King, president-elect and president, respectively, of the Campbell JayCees, points to where the carnival will be set for the third annual Spring Fiesta sponsored by the JayCees.

The carnival is located in the Kirkwood Plaza next to Mayfair Market and will open tomorrow (Thursday, May 23) and run through Sunday, May 26. There will be special matinees on Saturday and Sunday. Selected carriers of The Press, as has been the case in previous years, will be guests of Great Western this Thursday evening.

Council studies residence policy for commissions

Action on the Casey Road name-change (see separate story) and the setting of a firm Council policy as to whether planning commissioners must reside within the city limits will highlight the City Council meeting next Monday, May 27, unless the civic center hearing is held.

In that case all other items on the council agenda will take a back seat.

But the City Council will not hold the civic center public hearing unless the Planning Commission completes a similar hearing this Thursday and forwards a recommendation to the council.

At the present time, the council is divided 3-2 on whether planning commissioners must reside within the city limits. Action on the matter was deferred at the last meeting in order to learn how neighboring cities handle the matter.

Four cities adjacent to Campbell, Saratoga, San Jose, Los Gatos and Cupertino, require city residence of all commissioners. Vacancies immediately occur when a commissioner moves from the city, the report shows.

Two planning commissioners now serving live outside the city limits.

One gas station makes it... but one must wait

One service station won approval of the Planning Commission on Monday night but another proposed station did fare so well.

Action on the second gas station (a Humble Oil job for the Campbell Plaza Shopping Center) was deferred for further study.

Approval was granted a Standard Oil station at Hacienda and San Tomas (Rolling Hills center) at the same time as two other requests for buildings got the commission's blessing; one for a warehouse and offices at 950 McGlincey Lane submitted by Rielly M. Reynolds and the other for the expansion of an existing building at 180 E. Sunnyoaks submitted by Sunnyoaks Properties.

The commissioners also approved the request of Leonard Pritchard to build on a right-of-way off Steinway thus settling for the time being a long-standing problem involving four land-locked lots stymied for building purposes because they are not located on an improved street.

The commission approved the request of the Campbell Moose Lodge to use a portion of an industrial building at 785 McGlincey Lane for a lodge hall after considerable discussion over whether adequate parking spaces were specified.

Approved also was the application submitted by Mrs. R.L. Knott and Mrs. Gary C. Gerlach to operate a day care nursery in a residence at 560 N. Harrison.

The application for the service station on the extension of the Campbell Planning Commission involved potential traffic problems and zoning...Because it was so complicated, the commissioners after first closing the hearing decided to reopen the hearing and continue the matter until next month.

HIGH RATING

Airman First Class Kerry W. Barnes, son of Mr. and Mrs. Harry C. Barnes of 1641 Calado Ct., Campbell, has been accorded special recognition at McGuire AFB, N.J., for attaining the highest possible rating on his U.S. Air Force job specialty test.

Airman Barnes is a member of the Military Airlift Command.

A 1965 graduate of Campbell High, he attended West Valley College.

His wife, Peggy, is the daughter of Mr. and Mrs. John McConnville, of Los Gatos.

CURTAIL

The word curtail is from "curtal" meaning "a horse with his tail cut short".

College hosts employers program

Employers who have participated in West Valley College's Work Experience Program for students, will be honored at a luncheon set for 12 noon, Friday, May 23 at Villa Felice.

The Work Experience Program, which provides that students actually work in outside employment, for which they are paid, and which they are required to take in conjunction with their school program, was started at the college this year under the direction of Mrs. Betty Cunningham, instructor in the business department.

This first semester's experience is limited primarily to clerical and secretarial students, but it will be broadened next year to include a wider variety of technical and professional skills, she said.

Students take classes in the morning and work at their respective jobs in the afternoons, and are paid at the going rate in industry, Mrs. Cunningham said. Students involved can be in either the terminal two-year program or in a four-year academic transfer program.

State faces dry summer

California is due for a dry summer. But despite the prediction of below-normal streamflow, adequate water supplies will be available.

Reservoir storage is good in all portions of the State. Ground water levels measured recently at key wells indicated no major decreases from last year, and in many basins ground water storage has increased.

This analysis appears in the May 1 report of the State Department of Water Resources' Bulletin No. 120-68, "Water Conditions in California", recently released.

The lack of normal precipitation in recent months, coupled with sunny weather during April, has caused rapid depletion of the below-normal snowpack.

Records of stream flow indicate that this year will be one of the five driest years during the past 30 in the Central Valley. The most critical water supply conditions in the State exist in the San Joaquin Valley, where a water shortage problem has been developing steadily over the past few months.

PTA NEWS

New officers for Hazelwood

Gene Birk will be installed as president of the Hazelwood Home and School Club at the last general meeting of the group on Tuesday, May 28.

A speaker regarding the possible establishment of the Block Parent program in the Hazelwood School area will be introduced and will explain the program which provides protection for the children to and from school.

Other new officers being installed include Ron Clancey, vice president; Marilyn Silva, recording secretary; Bonnie Guditus, corresponding secretary; Cecil Kroening, treasurer and Pat Sullivan, auditor.

Instrumental and choral music by the Hazelwood students will conclude the evening.

IDA PRICE

The executive board and general membership of the Ida Price Home and School Club will honor Phillip Barone, the principal, and the other members of the faculty on Wednesday, May 29, by serving them a specially prepared luncheon.

Although May 29 is an in-service day for the teachers, it is a locally declared holiday for the students, which makes this an ideal time to honor them in this way.

CAMPBELL HIGH

Members of the Campbell High school PTA will hold their last meeting for the year at the school cafetorium.

On the program for the year will be a teacher-student panel entitled "Teenage Syndrome". Teenage problems and values and other related topics will be covered. Audience participation will be encouraged and a very interesting and informative evening for parents of teenagers should result.

The meeting will convene at 7:30 p.m. Refreshments will be served at the conclusion of the business meeting.

MORELAND

Mrs. Robert Gietzen was installed as president of the Moreland School PTA at their recent May meeting. Working with Mrs. Gietzen during the year will be Mrs. Eugene O' Brien, first vice president; Miss Louise Johnston, second vice president; Mrs. Daniel McNiven, third vice president; Mrs. Paul Wolfe, secretary; Mrs. Robert Lavond, treasurer; Mrs. Harry Hill, auditor and Mrs. George Sparrer, historian.

Following the installation of officers, a program on interior decorating was presented by Mrs. Rose Hirsch.

Garden awards won by local school girls

Receiving awards in the field of Junior and Intermediate Gardening on May 4 at the Junior-Intermediate and High School Gardeners Luncheon at the California Garden Clubs, Inc. Convention in Visalia was eight-year old Arlene Gonzales who received a First Award for a Junior Gardening notebook of pressed wildflowers of the High Sierra of California.

Also winning recognition were Annette Gonzales and Elizabeth Kaehler who received Participation Awards for their entries of essays on John Muir, the Father of Conservation in the U.S., and the man responsible for the formation of National Parks.

These youngsters are members of the "Baby Roses Junior Garden Club", "The Jet Planters Junior Garden Club" and the "Camp Belles Junior Garden Club", respectively. The groups are all sponsored by the adult club of "Camp Bell Garden Club, Inc.", and the counselor of the young people's group is Mrs. Joseph Aversente, of 272 Sunny Oaks Ave., Campbell.

The California Garden Clubs, Inc., youth program in gardening is part of the National Council of State Garden Clubs program whereby courses are given each school year.

On Tuesday, May 14, over 50 junior members met at Mrs. Aversente's home to complete the plantings and grooming of their plant material and containers for the booth at the St. Lucy's Spanish Fiesta and dish gardens for Agnew State Hospital. Following their work period the juniors held their annual spring garden party given each year by their counselor and mothers.

Donna and Daniel wed in May

MR. AND MRS. DANIEL MORRIS

The First Methodist Church was the setting for the May 4 wedding of Donna Joyce Garcia and Daniel Lloyd Morris. Gowned in Empire style Chantilly lace over satin with a cathedral length veil, the bride made a lovely picture as she was escorted down the aisle by her father, Beryl Garcia. A headpiece of lace flowers trimmed with pearls and rhinestones and a bouquet of white stephanotis with white baby roses and removable orchid corsage completed the picture.

Preceeding the bride were Miss Linda Payne as maid of honor; and bridesmaids Mrs. Robert Munger and Miss Janice Washburn. All were gowned alike in empire style apricot satin. White carnations and apricot baby roses completed the maid of honor's ensemble with white baby roses and carnations carried by the bridesmaids.

The bride, the daughter of Mr. and Mrs. Beryl Garcia of 287 N. Milton Ave., is a graduate of Campbell High school. After attending West Valley College she is presently completing courses at Healds' Business College.

Mrs. Garcia chose a pale blue A line dress with white accessories and corsage of cymbidium orchids for her daughters wedding.

The bridegroom is the son of Mr. and Mrs. Leslie Ross Morris, 1871 Potrero Dr., San Jose. A graduate of Camden High school, he is presently employed by Sylvania in Santa Cruz. Serving as best man was Mike McCamish with Harvey Henselman and Larry Garcia, brother of the bride ushering. Mrs. Morris complimented the wedding picture with an avocado green dress, beige accessories and cymbidium orchid corsage.

The double ring ceremony was performed by the Rev. William H. Gould with Winston Miller at the organ. The four-tiered wedding cake was served in the Fellowship Hall of the church with over 80 guests congratulating the newly-weds.

Mrs. Morris chose a black and white plaid with white collar and black accessories for their wedding trip to San Francisco, with Santa Cruz as their new home.

Grange honors Mrs. Proctor on Mother's Day

On Tuesday night Orchard City Grange No. 333 celebrated Mother's Day with a program planned especially for this night by lecturer Ted Bohn. He asked the Assistant Steward to escort Sadie Proctor to the Master's station, where she was seated and told that she was to be honored as "Grange Mother" for her Grange.

Her many years of service to her fellow members were expounded by Bohn.

Bohn then introduced the "PEPPERTONES", members of the San Jose Chapter of the Sweet Adelines, who sang several selections and dedicated a song especially to Mrs. Proctor. The attractively gowned quartette was led by Pat Le Vezu, and included Marti Farezoco, Carolyn Tutko and Carol Brisbine.

Reports were given by the standing committees. Mrs. Dorothy Keesling read an article about the "Billy Jones" railway and suggested that the Grange donate to the cause of keeping the railway in existence for the benefit of the children of this area.

Visitors for the evening were Deputy John and Mrs. Ruby Buck, Levi of Gilroy and Chaplain Ellen Schuenneman of Cupertino Grange. Ora Lear was welcomed back after a long seige of illness' as was also Minnie Blend.

Ze Martin was refreshment chairman for the evening and served dessert on beautifully decorated tables.

THE CLEAN-UP KIDS--from Rolling Hills school attack the Campbell Shopping Center debris.

Campbell is cleaner now thanks to kids

They weren't many in number, but their enthusiasm and energy abounded, as 29 students from Rolling Hills School "took on" the Campbell Shopping Center last Saturday morning and made quick work of cleaning it up by dumping an abundance of weeds, boards, bottles, papers and miscellaneous rubbish into a container donated by Green Valley Disposal Co.

Accompanying the ambitious crew were Bruce Stevenson, school principal and instructors Walter Bekowies and Mrs. Jan Grodeon.

Following the clean-up, shopping center merchants treated the young people to a lunch of cokes and pizza.

And Campbell looks a little bit neater. Thanks kids.

BASIC TRAINING

Airman Ralph T. Stewart, son of Mr. and Mrs. John R. Stewart of 1097 E. Ridgeley Dr., Campbell, has completed basic training at Amarillo AFB, Tex. He has been assigned to the Air Force Technical Training Center at Keesler, AFB, Miss., for specialized schooling as a communications specialist.

Airman Stewart is a 1967 graduate of Del Mar High School.

Campbell Corners

by Pat Hebard

The 100 mile swim marathon for the Crippled Children's Benefit began last Friday afternoon at 3 p.m. Coach William Augenstein watched as Bill Ridgway, Ross Meinhold, Garris Elkins, Bill Harvick, Craig Meinhold, Jim Goodwin, Mark Luoto and Steve Thompson swam 100 miles this past weekend. Four swimmers would swim laps alternately for four hours while the others slept or ate. They swam continuously all weekend, night and day, until 8 a.m. Sunday morning when they finished the last lap. Altogether they swam 7,040 laps.

The track Regionals were held at James Lick High school this year. Four leagues attended; the West Valley Athletic League, the Santa Clara Valley Athletic League, the Santa Theresa Athletic League and the Mt. Hamilton Athletic League.

Campbell's high jumper, George Stewart, took first in varsity competition. He jumped 6 ft 2 in. George is six feet tall.

George will be attending Central Coast competition in Gonzales this weekend along with Mark Ramos. Mark will run the 400. Coach Marcoss will go with the boys to Gonzales.

"The Isle of Golden Dreams" will be presented by the class of 1969 this Friday evening. The Illimas will add to the Hawaiian theme with hula dancers, fire dancers and other live entertainment. The long awaited Junior Prom will last from 9 until midnight.

The President of the Junior class is George Akina. Vice president is Kathy Robinson, secretary is Cathy McLain and treasurer is Kathy Robinson.

The annual Rally Day was won by the senior class of 68. New additions to rally day competition was "Pass the Bod" and "Buck, Buck".

The Juniors followed close behind Seniors. A theme of Bonnie and Clyde outlined the senior throne. The senior prince was Eric Washington and the princess was Judy Bornes. The junior prince was Jim Goodwin, and his princess was Babette Beyer.

The sophomore prince was Doug Dill and his princess was Kris Nunes. Carol Kocjan and Steve Thompson were the princess and prince for the freshmen.

The Girl's Sports awards dessert themed "Sportin' around" was held last May 15. The guest speaker was Mrs. M. Mankins. She spoke to the audience about the value of movement. Connie Serano gave out awards for girls' after school athletics. Connie was this years commissioner. Entertainment was then provided by Fran Acker and Leesa Nickeson. The highlight of the evening was when Mrs. Laura Cullen, Girl's Sports Advisor, announced the winner of a scholarship offered to a P.E. major. The winner was Miss Peggy Dill, president of Girl's Sports. Peggy also received a trophy for the most outstanding all-round member. Next years' president was also announced. She is Karen Adams. This years' officers were Peggy Dill, president, Laurie Maxson, vice president, Karen Adams, secretary, Nancy Puterbaugh, treasurer, Donie Mason, points manager and Jan Burton, publicity manager.

An assembly was held last Tuesday in which the new officers for next year were installed. Mr. Robert Culp, principal, administered the oath.

Prospect drill team tryouts were held last Friday after Rally Day. Four girls were chosen. They are Jill Ebner, Mary Nelson, Pat Hebard and Jackie Dalara.

The heads for cheerleader and song girl were announced last week. The lead song girl will be Terry Young, sophomore, and head cheerleader will be Shirley Hennessey, junior.

HIGH SCORER

Army Private Barney E. Thaxton, son of Mrs. Judy E. Thaxton, 900 N. Harrison St., Campbell, was high scorer on the proficiency test held recently at the end of his company's basic training at Ft. Lewis, Wash.

He entered the Army last February.

Pvt. Thaxton was graduated from Trinity County High School in Hayfork, in 1965 and attended San Jose City College. His wife, Georgia, lives at 370 S. Buena Vista, San Jose.

Camden Capers

By Caren Daniels

Camdenites will be attired in sportswear on Friday as the annual Rally Day gets underway. The 2½ hour "playday" will be the last formal class competition of the year, and will feature cart races, tug-of-war, relay races and various other forms of individual and group fun. Kings and queens will be elected by each class to reign over the day and to represent their fellow students for the results of the afternoon's events.

Student body elections were held last week, revealing the workers of student government for the 68-69 year. Dave Long will be the man with the gavel, leading all council meetings and assemblies as ASB President. Daryl Fazekas will be his aid as vice president. The two vacated council seats will be filled by Dennis Garvey and Rich Overstreet, a write-in candidate.

Heading senior class meetings for the '69'ers will be President Lee Daugherty, assisted by Robin Hirano. Taking the minutes will be Sue Bare, while Terri Ekstron handles the money affairs, and Sam Inman keeps order.

Junior class elections revealed Roberta Gray as the leader. Sandy Bignell was voted vice president, and Joe Gutierez will serve as secretary. Sandy Kemp and Kay Grano will fulfill their jobs as treasurer and sergeant-at-arms, respectively, for the first semester.

The sophomore class had the most eliminating job in their voting, with more candidates than any other class. Rich Galletta came out on top for president, and Doug Gerdwagen will take over in his absence. The secretary position will be filled by Valerie Wadley, and treasurer-elect is Karen Balkow.Sharon Lowe will take the role of sergeant-at-arms.

Bob Fontaine, baseball scout for the Detroit Tigers, is scheduled as the guest speaker for tonight's "Spring Sports Recognition Night", to be housed in the cafeteria at 7:30 p.m. Honoring this semester's track, swim, golf, tennis and varsity and frosh-soph baseball teams, a dessert and awards program is included in the $1 admission fee.

The highest scholastic award attainable by a California high school student has been bestowed upon Camden senior Kirk Cunningham. The Seymour Memorial Award and its cash prize of $500 went to Kirk after long screening and competition from three other finalists in the California Scholarship Federation contest.

Fashion-minded sophomore and junior girls are presently being interviewed for positions on the teen fashion boards at Macy's, Hart's, and the Emporium. Sign-ups have been taken by the dean of girls, Mrs. J. Jackman, and girls have been judged on grades, appearance, and an active interest in school activities.

In regards to the athletically-minded, the Cougar batters fell prey to the Campbell Bucs Tuesday to receive their second league defeat of the season. Thursday's game proved to be more favorable, when Rich Troedson pitched a 1-hit game against the Los Gatos Cats for Camden's win.

Reservations for camps limited

State Parks and Recreation Director William Penn Mott Jr. has reported that reservations for 1968 at state park campgrounds will no longer be taken after May 31 this year.

Applications must be made directly to the park for which the reservation is being made, and must be accompanied by the reservation charge of $1 plus the correct camping fee. The fee varies depending upon the time of year and the facilities offered. Reservation forms and information can be obtained at all state park units or by writing to the Department of Parks and Recreation, P.O. Box 2390, Sacramento 95811.

"The new reservation program for state parks has been an outstanding success," Mott said. "Since January, when we first began accepting reservations, we have received more than 25,000 applications and our Southern California beach campgrounds are running well ahead in popularity, and most have only a few open weekends left for the summer.

"There are still plenty of campsites available at the redwood parks and northern and central coastal parks and beaches, and at northern and central inland and mountain parks. The reservation form contains a complete list of these and other campgrounds in the State Park System."

Delightful to look at---- and lovely to own!

The art of the ages takes place in Campbell every day in the small shop of a new business now located at 321 E. Campbell Ave. "LaFrance Jewelry Mfg. Co." is the name of the concern, and here Ken Young takes the precious gold, silver and platinum metals and skillfully combines them with fiery diamonds, red rubies, sophisticated sapphires, burning opals and other precious gems, turning them into works of art to adorn milady and milord.

Using designs created and drawn by his wife Sue, the unique couple work together as a team in the custom jewelry business, executing retail jewelers orders from Stanford, Palo Alto and down the peninsula to Monterey and Salinas.

SKILLED WORKMANSHIP

Ken has been in the wholesale jewelry designing business for 17 years in San Jose, associated with various firms. He served a five year apprenticeship in jewelry manufacturing in Utah. After Sue has conferred with the clients concerning the design and style of jewelry the customer has in mind, she settles down to her drawing board and there puts a persons dreams on paper. Sometimes it is a gem that has been acquired by the customer and they want to have it set in a necklace or earrings and broach. Other times it could be a ring with a precious stone, but the setting is "old-fashioned" and something more modern is desired, or a customer wants an entirely new piece fashioned for him alone.

After the "dream" is down on paper, Sue checks her drawing with the customer and then turns it over to Ken. He first studies the drawing carefully while Sue explains it to him, and then makes a wax mold.

After the mold is set, they confer together again and the metal part of the jewelry is poured. As the piece progresses from beginning to finished project, Sue and Ken check together and confer with the customer from time to time, adding or subtracting as desired. Jewels are carefully set in place, "finishes" are added and approximately three weeks after the order is placed, a new piece of jewelry is ready to turn over to the client.

ARTIST

Sue has been working as artist for the firm for approximately three years and presently is taking a jewelry designing course from the Gemological Institute of America. She also does the engraving on the jewelry before it leaves the shop. Delivery has just been taken by a customer on a man's diamond ring, with three stones, which wholesaled at $1,100. This will retail at $2,500, according to Sue, as an indication of the fine work the firm turns out.

Ken and Sue live at 1475 Capri Dr. with six children who range in years from a 13 year old boy, two 12 year old girls, a boy nine, and two girls, age six and five. The family hobby is horses and all the children as well as Sue ride, while Ken keeps a watchful eye on his brood.

According to Sue very few retail jewelry stores "do" their own designing. Many pieces of jewelry later displayed in retail jewelry stores originated in downtown Campbell at the LaFrance Jewelry Mfg. Co.

GIRL SCOUTS

NEIGHBORHOOD 15

By Nan Warren

"Sorry, I can't, I'm just too busy!" How often people say those words. Today we pay a special tribute to a mother, Brownie Scout leader, who finds time to do the little extra things often required of a leader. She gives of her time and talents to make scouting fun for little girls and yet--her family is her life. Why a special tribute to this leader? Because she's something special. She's Mrs. Patrick Sullivan, Maggie, Troop 826 Hazelwood School and she just had her eighth child, May 13! Now, what's this about being too busy to help others?

Junior Scouts Troop 953, Forest Hills school, entertained mothers at tea to thank them for helping this year. The girls handled the decorations and refreshments.

TROOP 826

Brownies, Troop 826 Hazelwood school, had a tea for their mothers also to celebrate Mothers Day. The girls presented them with pin cushions they had made. May 20 the Troop went to Cambrian Bowl and on to McDonalds for refreshments.

This seems to be the time of year Scouts entertain as a way of saying "thank you". The Quito Jr.'s, Troop 621, will have their Court of Awards with their Family potluck on May 24, at Vasona.

TROOP 602

Brownie Troop 602, Baker school, visited the Los Gatos Community Hospital on May 13. They had a marvelous tour and a peek at the new babies. Future trips to Hakone Gardens in Saratoga and Villa Montalvo are slated during June.

Batter up!-- was the cry last Sunday when the Junior Scouts of Troop 237, Marshall Lane school, challenged their fathers to a baseball game. Wonder who they found to umpire! They are also planning a two day camp trip to Hidden Falls.

Another troop, out to see the beauties of nature, is Quito Jr.'s, Troop 1030. They're planning a double over-night at Skylark, May 24.

COURT OF AWARDS

May 21 is the date for the Court of Awards for the Forest Hills Juniors, Troop 825. These girls are also taking a "plunge"--a swim party, May 28 and a final bridging ceremony on June 4.

Brownie Troop 467, Bucknall school, is having a cookout at Vasona on May 20 and a Swim Party on the 27. The girls used the money they made selling cookies to go ice skating recently.

The school year may be drawing to a close, but not the Girl Scouts! Many activities, camping trips, etc., are planned for June and throughout the summer months. You can be sure--whatever time of year--Girl Scouts are doing worthwhile things and having lots of fun!

'69 SALES TAX

A 10 percent increase in retail sales is forecast for Campbell in fiscal 1969 which could mean an estimated $440,025 in local funds from the one percent sales tax, according to a state revenue official.

George R. Reilly, of the State Board of Equalization, said the forecast, based on Department of Finance figures, is for a statewide sales gain of nearly seven percent in the year ending June 30, 1969.

• Mrs. Dailey heads "May Daze" Fashion Show

NEW OFFICERS–of the Doctors General Hospital Auxiliary were recently installed at the annual awards luncheon. Left to right are Mrs. Walter Rector, president; Mrs. William Dailey, Springfield Dr., Campbell, president-elect; Mrs. Eugene J. Phillips, vice-president; Mrs. J. H. Bergeron, secretary, and Mrs. Regis Heim of Campbell, treasurer.

A Campbell housewife and businesswoman, Mrs. William Dailey, is general chairman of the spring-into summer fashion show Doctors General Hospital Auxiliary will stage at Old Town Theater in Los Gatos at 1 p.m. Saturday, May 25. Refreshments following the show will be served in the outdoor pavilion.

"May Daze" is the name of the vacation-minded show. Three Auxiliary members will be models: Mrs. Dailey, Mrs. Regis Heim, (also of Campbell) and Mrs. Joseph Pace.

Candy Stripers Nancy Emerson (president-elect), Jeanne DeLucchi and Sue Davis will model.

Fashions will be from three Los Gatos shops: Idamina's Fashions, Packard's Children's Shop and Anthony's Tailoring. Door prizes and raffle prizes will add to the fun and interest of this first major fund-raising effort of the senior auxiliary. Candy Stripers of Doctors General Hospital presented an orthopedic wheel chair to the hospital at their own awards tea April 21.

Last minute requests for tickets may be made to the coordinator of volunteer services at the hospital, Mrs. Jean Marie Roest, 286-6800 or 258-1819.

Poppy Day chicken dinner open to public

Members of the American Legion Auxiliary Post 158 will be offering the red crepe paper poppy this weekend in honor of the more than half million Americans who died during both world wars, the Korean conflicts and now the Vietnam war.

These poppies are fashioned by the disabled veterans confined to the many Veterans Hospitals across the nation.

All contributions received from the sale of the memorial poppy go directly to aid the disabled war veterans or members of their families. Through the American Legion Auxiliary poppy program more than $300,000 is paid annually to the disabled service men.

Another feature of the Poppy Day program this year will be a barbecued chicken dinner which will be open to the public with contributions going to the Poppy Day program. Dinner will be held from 5:30 to 7:30 p.m. at the American Legion Hall on Dell Ave., according to Mrs. L. C. Fairchild.

ECONOMY SALE–Mesdames Claude Barham, Thomas Hiland and Marvin Barnes of the Blossom Valley Garden Club display some of the items being offered at their "Economy Sale" Saturday, May 25. The old coal oil lamp, glass pitcher and "chamber pitcher" are only a sampling of the many wares that will be displayed at 2167 Foxworthy Ave., off Bascom from 9 a.m. to 4 p.m.

Historical art display May 25

The second annual historical art show, co-sponsored by the Campbell Artists Guild and the West Valley Historical Society, will be held Saturday, May 25 in the society museum 272 E. Campbell Ave. at 8 p.m.

Currently, entries for the show are being accepted at the museum, according to Judy Howland, chairman. Winning pictures will receive cash awards.

Campbell youth plan sale for Friends Outside

The college youth of the United First Methodist Church, 1675 Winchester Blvd. Campbell, have planned a unique rummage sale scheduled for this Saturday, May 25, from 11 a.m. to 4 p.m. in the parking lot behind the church.

The sale, dubbed "The Scrounge", was organized for the purpose of raising money to send children to camp this summer in cooperation with Friends Outside in San Jose.

The youth have agreed to sell goods for the public asking a 25% commission. In this way, they are hoping to offer items of a little better quality along with the standard donated items.

The sale is open to the public, and everyone is invited to "come, browse around, and see what we've got!!"

Approximately 25 college age youth meet every Sunday evening at 6 p.m. in the Methodist Lounge. Mr. and Mrs. John Simmons and Jerry Houlden serve as leaders for the group.

Westmont Whirl

By Laura Vierra

Sunday, a tired bunch of girls returned home from one fun-filling weekend at the beach. All girls agreed it was well worth the pains they received from the hot sun.

Monday, Girls' Sports had their annual sports banquet. The food was delicious and entertainment was provided by a folk-singing group.

Last Tuesday both our baseball teams lost to Los Gatos. Last Thursday our teams had a bye.

Song-girls for the 1968-69 year have been selected, they are Cathy Tomlin (head) Jr., Coleen Cheeny, Jr., Marigrace Convertino, Jr., Maureen Jones, Jr., Eileen Jones, Jr. and Judy Sand, Soph. Two girls were chosen song-girls for Prospect. They are Susie Shoemaker, Jr. and Luci Arii, Soph. Congratulations to all.

Satin Dolls also had their tryouts. Chosen were juniors Maureen Regala, Kathy Chelonis, Sally Atkins, Linda Hoss, Diane Davis, sophomore Cindi Fernay and freshman Lisalie Adamson.

Prospect drill team was also chosen. They were Juniors Kris Porter, Carolyn Glass, Peggy Howard and Barbara Fagan and freshman Rosie Rowe.

Today was the first day of Cheerleading tryouts. Girls went in front of the student body and Thursday the students will vote. Good luck to all girls!

Next week is Sweep Week. Each day the class is responsible for keeping the campus clean. Monday is the freshman class, Tuesday - sophomore, Wednesday- juniors and Thursday - Seniors.

Prince and Princesses have been chosen. Seniors chose Diane Townsend and Fritz Gibbs, junior prince and princess are Peggy Howard and Rob Peterson. Sophomores chose Nancy Leone and Frank Grillo and Roberta Robertson and Bert Bailey were chosen by the freshman.

This Friday is the long awaited S.T.O.F. Day. Games and activities will be going on down in the football bowl with students dressed in their class colors.

Legion elects Marcuson new post commander

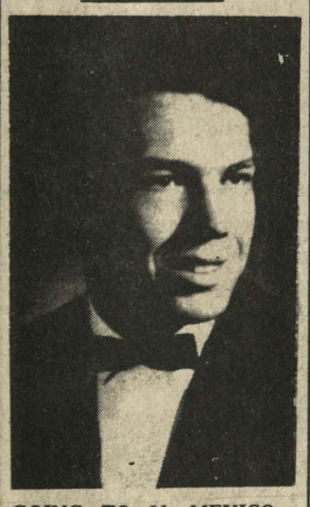
Keith Marcuson was elected recently as commander of the West Valley Post 158, American Legion which meets at the Legion Hall on Dell Ave.

Other officers elected for the ensuing year include James J. Tisano, first vice commander; Carl C. Cada, finance officer; Jerry Carter, sgt. at arms; Mike Greb, asst. sgt. at arms; Board of directors, Alonzo Galvan, Vernon Talbert and Irac. Stamm.

District and Department Delegates include Keith Marcuson, Dave Buchholz, M. Nimerick, Harold Rhinehart, Frank Rose and Rex Kaber.

The Post had a most successful year, ending with 212 paid members, the highest it has been for many years.

Outgoing Commander David Buchholz predicts, at the present increase in growth of membership, it will be but a short time until the Post will have outgrown its present quarters and that a study should soon be underway for plans for new and enlarged quarters to accommodate the rapidly growing membership of Post and Auxiliary.



GOING TO N. MEXICO–Willard Scott Williams, 57 N. Carlyn Ave., is one of 40 students who has been chosen to attend New Mexico Institute of Mining and Technology at Socorro, New Mexico as a Cooperative Work Study student. Classes start June 19. The program is designed to allow the student to work 20 hours per week to earn a large portion of their college expenses and provides for year-around schooling so they can graduate in four years;

Local women working on Stanford affair

Mrs. Millie Moreland, 2235 Middletown Dr. is one of the committee workers for the "Build the Earth" pageant to be presented Sunday afternoon May 26 at Frost Amphitheater at Stanford University.

Foreign students in their native costumes will add color to the pageant which will feature flags of many nations. African and Indian dances will be presented as well as the famous Chinese Lion Dancers. During the program the first National Voluntary Service applicants will be presented.

Other Campbell women who will be working on the program include Mesdames Aline Hudson, 96 Walker Ct., Sue Accornnero, 868 Hacienda; Joanne Fontes, 625 Wendell Dr.; Joyce Beebe, 181 El Caminito; Marian Varton, 926 Hedegard Ave., and Marilyn Ames, 1436 Ridgely Dr.

Campbell hospital golf benefit tourney takes place this Friday

DISPLAYING FORM--Billy Wilson, famed 49er end and coach, and chairman for this Friday's second annual Campbell Community Hospital tournament, tees up with pretty nurses Mrs. Rosemary Grady and Mrs. Jack Kava, in front of the 1968 Pontiac Firebird that can be won with a hole-in-one. Tournament is set for Friday, May 24 at the Oak Ridge Golf Course, with awards banquet following. Some entries are still open.

Some entries are still open for Friday's second annual Campbell Community Hospital benefit golf tournament at Oak Ridge Golf Course, according to Andre Roos, pro at the club.

Billy Wilson, famed 49er end and coach, is chairman for the event, which includes a hole-in-one tournament for a 1968 Pontiac Firebird, and a door prize of a color television set.

An awards banquet will follow the tournament in the Oak Ridge clubhouse, and Bob Blum, chairman of the San Jose Sports Commission and a popular radio broadcaster, will serve as master of ceremonies.

Funds derived from the tournament will be used for expansion of the hospital's extensive coronary care unit, according to E.E. Admire, hospital administrator.

WVC extended day students can sign now

Pre-registration for the fall semester Extended Day classes at West Valley College is now under way.

Don R. Ziegler, Dean of Admissions and Records, said that all new, and returning students (those who did not register for the spring, 1968 semester) and continuing students may pre-register for the Fall Extended Day classes, and can receive a priority time and date to select classes, beginning at 6:30 p.m.

By pre-registering, Ziegler said, the student is assured of an earlier time and date to make his course selections.

He urged immediate pre-registration, pointing out that it is expected that the West Valley College enrollment will be considerably in excess of 7,200, which was the beginning enrollment last fall.

Continuing Extended Day students may secure a priority time and date to register beginning immediately, by reporting to the Student Union.

New and returning students are advised to report to room A-8 in the "A" wing, to begin the pre-registration process. Students should bring their Social Security Card for identification, Ziegler said.

PLAY BALL!!--Everything but the weather cooperated at the opening day ceremonies on Saturday, May 11, of Campbell-Moreland Pony League on the Castro Junior High field. More than 120 youngsters in the 12-14 age bracket participate in the Campbell-Moreland league.

In the top photos from the left, Ken Farmer, league official who was MC; Councilman Ed Rogers, long-time supporter of Pony League play; Mayor Bill Smeed, who tossed out the first ball and Police Chief John Morgan, who gave a short talk at the ceremonies.

Letters to the Editor

REGRETS LEAVING

Dear George:

I have accepted the position of Planning Director for the City of San Mateo after a considerable amount of soul searching, not because I am not delighted to have the opportunity to serve San Mateo, but because I have such regret at leaving the City of Campbell.

Serving Campbell has been interesting, exciting, challenging and always rewarding. I have made many warm and permanent friends in my stay here. The developers and property owners of the City have always treated me with kindness and cooperation, even though they have disagreed with some of my proposals and recommendations.

The City Council, the Planning Commission and the Staff of the City have fully earned the respect of the citizens through their hard work in preparing for the future of the community. Campbell is now at the threshold of a bright and promising future. I hope that during my stay here I have been able to make a small contribution in that direction.

I particularly want to express my sincere and heartfelt appreciation for the continued cooperation that you and the newspaper have given to the planning department and to the fair treatment that you have accorded us in all your reports. The City of Campbell is a better place because of your efforts. Please keep up the good work.

I shall be following developments with continued interest, and I shall look forward to seeing you and my other good friends many times in the future.

Very truly yours,
Richard V. Hogan,
Planning Director

A REAL CHANCE

Dear George:

I'm always going to write a letter to the editor, but never do. This one I cannot neglect.

I heartily agree with your recent editorial on the 17 story tower for the Campbell civic center and offices for the city government on the Sahadi property.

I've been around a long time and I've never heard of such an offer to a city any time.

Campbell could at last really be worthy of being the center, the hub of Santa Clara County.

In the past, we have been the "Orchard City". The orchards are now gone. The last few years, we have just been "nothing" for the city of San Jose to try to throttle by annexing all around us.

This is Campbell's only, its last chance. If this opportunity is not taken advantage of, just kiss Campbell one "goodbye". Remember, Mr. Sahadi is building a shopping center, whether we accept the tower or not.

My husband and I do not live in Campbell. Our business is there, we own property in Campbell and pay a large property tax. We both have been involved in and support community activities. We have always thought of Campbell as "our town".

There will be much for Campbell to gain in comparison for whatever profit Mr. Sahadi may earn.

Hope everyone, after suitable hearings and discussions, will be happy to accept as soon as possible, this wonderful, imaginative offer.

Tower 17 on Highway 17. Kind of interesting isn't it?

Sincerely,
Evelyn G. Morgan (Mrs. W.R.)
P.S. How about a revolving restaurant on top as they have in Honolulu?

Staggers the imagination, the possibilities of this offer.
E.M.

FIRES IMAGINATION

EDITOR'S NOTE: The following letter was directed to the City Council. However, we feel that it is of interest to all, for it indicates that one "old-timer" is not content to live in the past but believes that the proposed 17-story civic center "fires the imagination"...G.V.

CITY COUNCIL
CAMPBELL, CALIFORNIA
GENTLEMEN:

Truly the front page story of April 17 Campbell Press fires the imagination of "old timers", such as myself. I have lived in Campbell since 1920, watching it grow from a very small village. Now a possibility of a 17-story building surrounded by shopping area!

This brings another thought. To balance the Spanish architecture at that point, can't we preserve the Spanish theme of our schools at Campbell and Winchester?

Perhaps I'm sentimental; but my eight children went through these schools from kindergarten to high school graduation.

It seems if we could salvage only the main building and auditorium it would be an advantage and an attraction for this community. I am speaking of the ex-elementary corner.

Anyway, more power to those who are open-minded and imaginative enough to consider these improvements for our community.

Yours truly,
Arva M. Knowles
180 W. Rincon Ave.
Campbell

Thanks to all those who are spending so much time and effort.

IN TRAINING

Chief Robert Davis of the Navy recruiting office, 3381 Stevens Creek Blvd., San Jose, announced that during the month of April, Christopher Ralph Lawless, son of Mr. and Mrs. Christopher M. Lawless of 1101 Erin Way and Craig Richard Moreland, son of Mr. and Mrs. David E. Moreland of 867 Briarwood Way, are now at the San Diego Training Center.

Christopher is a 1966 graduate of Bellarmine College Preparatory and Craig is a 1967 graduate of Camden High school. Both men attended West Valley Junior College.

Camden lists 30 straight 'A's'

According to James Crafford, principal of Camden High School in the Campbell Union High School District, 30 students received straight "A" grades for the third quarter of this school year. The list includes:

HEAVY BALLOTS--Temporary employees mail out 20 tons of sample ballots to County voters for the office of the Registrar of Voters. Eighteen temporary employees have been hired for one week.

ONE MORE DOWN--County Registrar of Voters George A. Mann heaves another 75 pounds of sample ballots onto a growing pile of mail sacks. Twenty tons of sample ballots have been mailed to County voters.

County registrar mails 20 tons of sample ballots for primary

More than 20 tons of sample ballots have been mailed to Santa Clara County residents, according to County Registrar of Voters George A. Mann.

Postage alone for the 385,000 ballots cost more than $14,000. Eighteen additional persons have been hired to handle the huge task.

The ballots are for the June 4 Consolidated Primary Election, which includes presidential preferences, county issues, State Assembly and Senate primaries and national Senate and House of Representatives candidates, and a variety of city and special district issues.

Due to the overlapping of city, special district, State Senate and Assembly districts, Federal Congressional and Senatorial districts, and partisan divisions, 375 different types of sample ballots are being mailed.

According to Mann, the partisan breakdown for the County is: Democrats 209,079, Republicans 159,670, nonpartisan 14,332, Peace and Freedom 1791, and American Independent 1324.

Sanitation District No. 4 ups service charges but not taxes

Effective July 1, this year, property owners within County Sanitation District No. 4 will be paying a higher sewer service charge according to Stephen H. Goodman, district manager-engineer. On Goodman's recommendation, the directors have agreed to direct the increased cost of sewage treatment to the users of the District's sewerage system rather than increasing its ad valorem tax rate for this purpose.

Goodman pointed out that, capital costs for treatment of the District's sewage in the San Jose-Santa Clara Water Pollution Control Plant have exceeded estimates by 11 percent, or approximately $341,000.

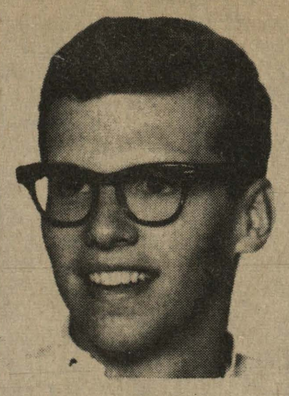
The operating costs for the Water Pollution Control Plant are also increasing, and since County Sanitation District No. 4 pays for approximately 10 percent of these costs, its fiscal year 1968-69 allocation for operating costs is up 32 percent, or approximately $44,542.

The District produces an estimated annual flow of 2.2 billion gallons of sewage and infiltrated ground water which is treated at the San Jose-Santa Clara Water Pollution Control Plant at a cost of 21 cents per 1,000 gallons.

Goodman reported that the monthly sewer service charges, based on the cost of treatment, volume of sewage and 73 percent coverage of the total cost of sewage conveyance and treatment by use charges should be: A. $1.50 for single family dwelling. B. $1.10 for each duplex unit. C. 90 cents for each apartment unit, and, 15 cents for each 100 cubic feet of sewage discharged from commercial and industrial establishments.

The present monthly rates are: $1.25 for single family dwellings; 90 cents for each duplex and apartment units; and, 15 cents for each 100 cubic feet of sewage discharged from commercial and industrial establishments.

The increase in sewer service charges is expected to produce an additional $46,000 in revenue for the next fiscal year which is equivalent to a 2.2 cent tax levy.



ON DEAN'S ROLL--James Musser, son of Mr. and Mrs. James F. Musser, 1376 Maria Way, has been recently named to the Dean's Honor Roll for the second quarter of the 1967-68 term at the School of Dentistry, University of the Pacific, San Francisco. Musser, presently a junior, was graduated from the Campbell High school in 1963 and was a member of the varsity football team. He attended San Jose State College before entering the Dental College and is a member of Sigma Pi fraternity.

with "Charlie" Gubser

Since 1953, when I served on the House Post Office Committee, I have wrestled with the problem of how to constitutionally control the mailing of obscene and pornographic literature. I therefore found the enactment of a recent law most satisfying.

The new statute, Public Law 90-206, creates machinery to curb the use of the United States mails by the peddlers of smut and filth for profit. It provides that, if you or a member of your family receive any advertisement which you determine is "erotically arousing or sexually provocative," you may ask your local postmaster to order the mailer to remove your name or the names of members of your family from his mailing list.

A complaining citizen should furnish a copy of the offending circular to his postmaster, along with the envelope in which it was received. He should state in writing that he finds the material "arousing and provocative." Then, if the proper procedure has been followed, the Post Office Department will order the mailer to remove the citizen's name from the mailing list within 30 days.

If the mailer fails to comply with this order and sends further mailings, the citizen should repeat the same process. The Post Office Department will then take over and, working with the Justice Department and the Federal District Court, obtain a court order to enjoin further mailings to the citizen who has complained.

Then if the smut peddler continues to annoy the person who initiated the action, he will be subject to a citation for contempt of court and punished in accordance with the law. Local post offices have instruction booklets and forms which can be used for the submission of complaints.

I have received many letters complaining about offensive advertisements received in the mail by residents of my Congressional district. But this is the first time I have ever been able to suggest a specific course of action which might give decent citizens relief from offensive mail. I strongly urge that anyone receiving obscene material in the future make use of this new weapon provided by Congress.

Many wonder why Congress did not pass a more stringent law forbidding the mailing of such objectionable material in the first instance. The answer is that the Supreme Court, in several decisions, has refused to establish firm definitions of what constitutes obscenity, with the result that the United States mails are open to the posting of just about anything. Under these decisions of the Court, any stronger legislation adopted by Congress would surely be declared unconstitutional. Thus, the best we could do was pass a law giving the people themselves the right to determine what is "obscene, arousing, or provocative" to them.

If ever there was a justifiable right, this is it. I only wish we could have established it 16 years ago!

Jerry Arca takes over local telephone manager position

Jerry J. Arca has been named Pacific Telephone manager in Campbell and South San Jose with offices at 1550 Leigh Ave. He succeeds Lee Sicard, who now is on the commercial department staff at the San Jose area headquarters.

Arca, 25, joined the telephone company in 1965 after graduation from San Jose State College with a degree in journalism. While in college, Arca edited the Spartan Daily and in 1964 was elected to Who's Who Among Students in American Colleges and Universities. He won the Hearst Foundation Scroll and served as president of his fraternity Delta Sigma Phi.

He is a native of Santa Barbara.

His first job with Pacific was as a writer in the San Jose news bureau. Arca joined the commercial department in December of last year. He is chairman of the company's South San Jose community relations team and has remained active in San Jose State alumni activities.

He and his wife, Betty, and their daughter, Deborah, live at 6327 Menlo Dr., San Jose.

Arca's office serves some 37,000 customers, primarily residential, with prefixes of 225, 264, 266, 269, 379 and 683.

CANCELS LECTURE

Hans-Morgenthau, noted political scientist has been forced to cancel his scheduled appearance and lecture at West Valley College. Morgenthau was originally scheduled to discuss "The Crisis of American Foreign Policy" at the West Valley College auditorium on Tuesday, May 28.

The Office of Community Services of West Valley College announced that due to the lack of remaining available time in which to schedule a suitable replacement that the event will simply be cancelled and that no substitute will be offered.

Do you enjoy going to auctions? Here's one you can attend without leaving your own home. It's the fourteenth annual KQED Channel 9 Auction and its purpose is a worthy one—to raise money to help cover operating expenses for this educational, non-profit station. The auction itself will take place June 2 to June 8 at the San Francisco Palace of Fine Arts. Channel 9 will be covering it live and in color starting each day at 2 PM and running continuously until approximately 2 AM. Around 10,000 items will be auctioned off with famous personalities acting as auctioneers. So get ready—many telephone people have volunteered their time to help man the more than 60 phones that will be busy taking your bids on the valuable merchandise—and all donations are tax deductible.
